

This is my terminal image:

A terminal window with a dark background and light-colored text. The window title bar shows 'ztmy@ubuntu: ~/Epi1/e10'. The terminal content shows a series of commands and their outputs, each preceded by '(base)'. The commands are: 'ztmy@ubuntu:~\$ cd ~/Epi1/e10', 'ztmy@ubuntu:~/Epi1/e10\$ touch image.tex', 'ztmy@ubuntu:~/Epi1/e10\$ vim image.tex', and 'ztmy@ubuntu:~/Epi1/e10\$'. The terminal is otherwise empty.

```
ztmy@ubuntu: ~/Epi1/e10
(base) ztmy@ubuntu:~$ cd ~/Epi1/e10
(base) ztmy@ubuntu:~/Epi1/e10$ touch image.tex
(base) ztmy@ubuntu:~/Epi1/e10$ vim image.tex
(base) ztmy@ubuntu:~/Epi1/e10$
```
